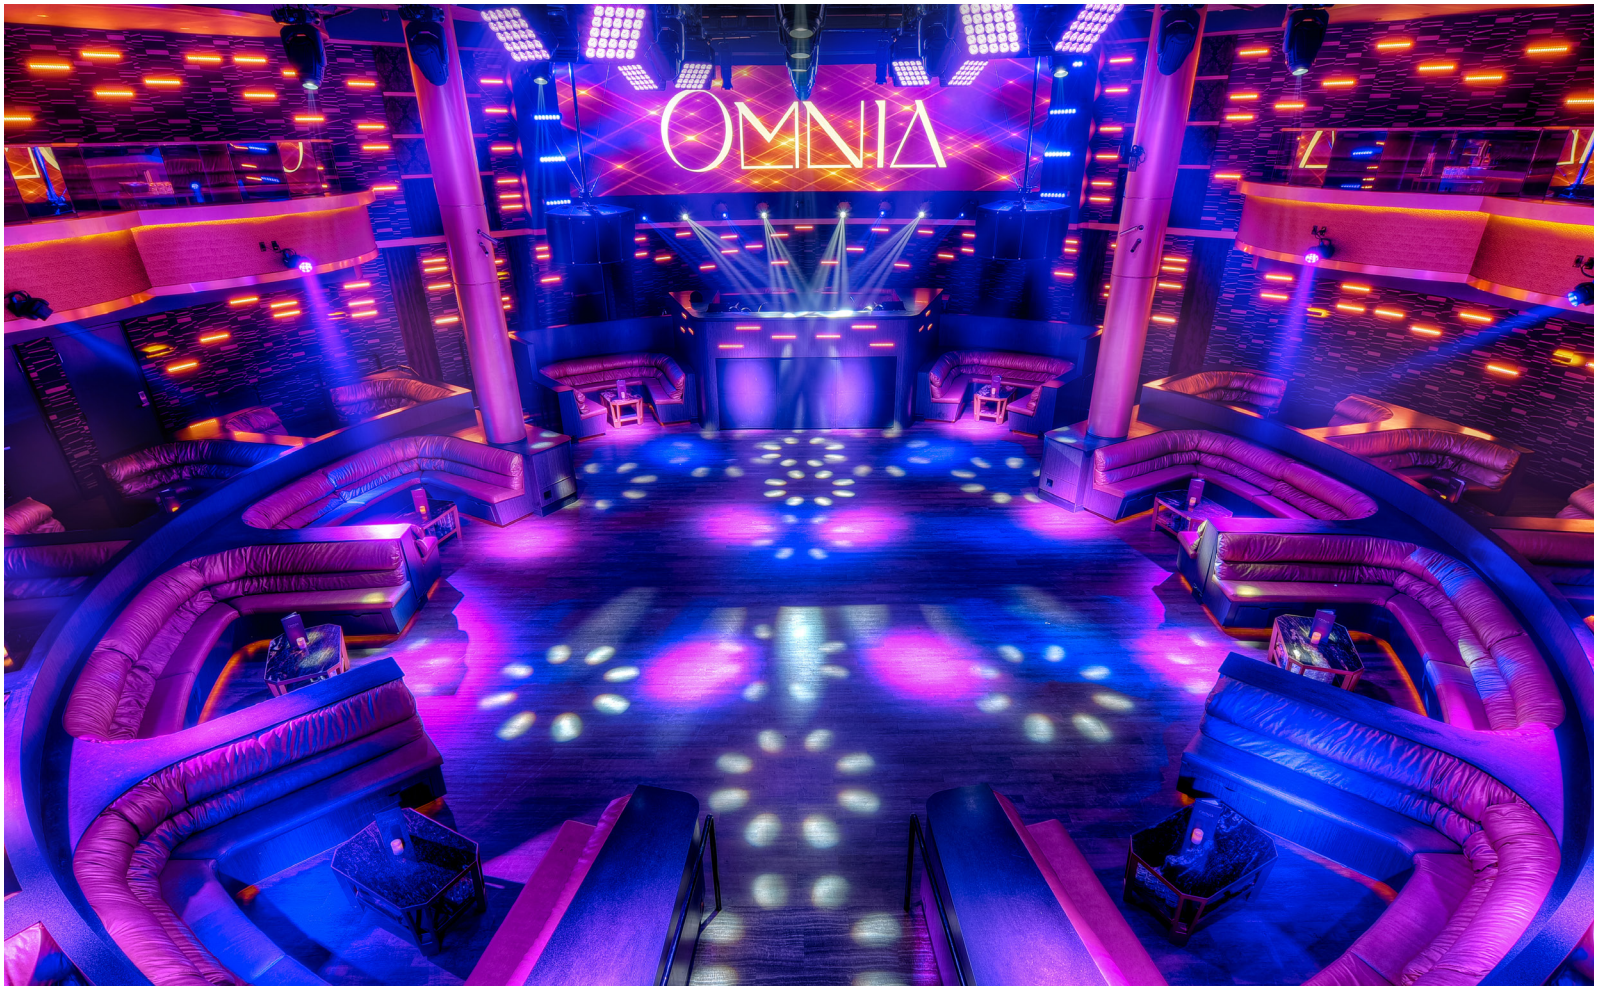
OMNIA SAN DIEGO – MAIN ROOM



OMNIA
NIGHTCLUB · SAN DIEGO

SAN DIEGO
454 Sixth Avenue, San Diego, CA 92101

MAIN CLUB OVERVIEW

Your journey comes full-circle, literally. This perfect orb circumscribes an intricately layered design of rich golden leathers, natural stone bar tops, pristine porcelain tiles and natural wood flooring. At the center is the dance floor, surrounded by twenty VIP banquettes – each offering an unimpeded sight line to the stage. The main bar is on the perimeter, and on the opposite side is the DJ booth. Ascending to the balcony level, eight VIP banquettes have been artfully arranged in the spirit of a European opera house, enabling guests a unique perspective on the scene below.

Technology is at the forefront with a massive concave LED screen above the DJ area, completely programmable for an immersive experience of both sight and sound. The lighting system creates rich and dynamic effects throughout, complemented by a state-of-the-art custom sound system by industry leader L'Acoustics Sound Technology. Together, the lighting and sound effects create a striking interplay with the space's inventive design to create an experience of layers and dimensions.
